

CZ Health Insurance 2025

'Collectief' Group health insurance

## Group health insurance through your organisation

Everybody is unique and has personal needs and wishes when it comes to good healthcare, so your choice of health insurance is a crucial one. At CZ, we make sure that all aspects of your health insurance are simple and convenient. You can also take advantage of the group health insurance your organisation has arranged with CZ, which means that you and any members of your family qualify for additional reimbursements and services, as well as a discount on the premium for group additional insurance packages.

### Choosing your health insurance — a helping hand from CZ

Use our handy guide to put together the insurance package that is right for you in just three steps. The reimbursements provided by each insurance policy are summarised at the back of this guide. Visit [cz.nl/grouphealthinsurance](https://cz.nl/grouphealthinsurance) to take out your health insurance quickly and easily. Just make sure that you have your Dutch personal identification number (BSN) to hand.

*Register online in a matter of minutes*

If you prefer any personal advice, our advisors will help you. Visit [cz.nl/en/service-en-contact](https://cz.nl/en/service-en-contact). Here you will find all the ways to get in touch with us.

If you decide to take out health insurance with us, we will automatically cancel your current insurance policy for you, so switching couldn't be easier.

# Group health insurance has even more to offer you as an employee

Your organisation has made group health insurance agreements with CZ, which means that you qualify for more generous reimbursements, a discount on the premium for group additional insurance packages and access to FitzMe. Most additional insurance packages also include extra reimbursements to keep you healthy at work. Examples include a prevention allowance that you can use to pay for online training or coaching to work on your health and lifestyle.

You can register online in a matter of minutes. Select your group entity to see how much discount you will get. Go to [cz.nl/grouphealthinsurance](https://cz.nl/grouphealthinsurance) now for details. Follow the three steps in this brochure to find out which health insurance best meets your needs. The package overview (starting on page 10) summarises the reimbursements provided by each policy.

## STEP 1

### Select a general insurance policy

The general insurance policy covers the main types of healthcare you receive, such as from your general practitioner, the hospital and the pharmacy. Everyone living or working in the Netherlands is legally obliged to take out a general insurance policy. CZ has three general insurance policies to choose from: de 'Zorgbewustpolis', de 'Zorg-op-maatpolis' en de 'Zorgvariatiepolis'.

	Zorgbewustpolis	Zorg-op-maatpolis	Zorgvariatiepolis
Type of policy	in-kind policy	in-kind policy	combination insurance
Reimbursement for contracted healthcare providers	100%	100%	100%
Reimbursement for non contracted healthcare providers	70% of the bill up to max. 70% of it rate of healthcare providers with contract	75% of the bill up to max. 70% of it rate of healthcare providers with contract	100% to it market rate *  Exception 85% of the bill reimbursed by healthcare providers without a contract for it GZZ and community nursing. The compensation is maximum 85% of it rate of healthcare providers with contract
Options for voluntary deductible (in addition to compulsory deductible)	€ 500,-	€ 100,- / € 200,- / € 300,- / € 400,- / € 500,-	€ 100,- / € 200,- / € 300,- / € 400,- / € 500,-

\* Market rate: this is the market rate that is appropriate in the Netherlands for a particular treatment.

### Healthy lifestyle with FitzMe

You get free access to FitzMe, the ideal place to start working on your health. Receive inspiring tips and get started with the modules and training sessions on sleep, nutrition and exercise that we have selected especially for you. You also get exclusive access to a personal online coach through video calls. Discover it all on [cz.nl/fitzme](https://cz.nl/fitzme) (in Dutch).

### Select your deductible

The deductible is the amount you have to pay yourself before you start receiving reimbursement for healthcare under the general insurance policy. The compulsory deductible for 2025 is €385 which has been set by the government. On top of that, you can also opt for a voluntary deductible, increasing your total deductible to a maximum of €885. The higher the deductible you choose, the lower your premium will be.

### More about deductibles

- The deductible applies to all insured persons from the age of 18.
- You don't pay a deductible for certain types of healthcare, such as GP appointments or obstetric care.
- If you would prefer to pay your deductible in instalments, you can. If it turns out at the end of the year that you have paid too much, the surplus will automatically be refunded in the following year.
- In addition to the deductible, you also need to pay a statutory personal contribution for some healthcare services. This is also set by the government. This personal contribution applies to all insured persons, regardless of their age.
- To find out more about deductibles, go to [cz.nl/en/health-insurance/deductible](https://cz.nl/en/health-insurance/deductible).

Go to page 10 to see which healthcare is subject to a deductible

## STEP 2

### Choose your additional insurance package

Since not all healthcare is reimbursed under the general insurance policy, we offer additional insurance packages to cover this healthcare. Our additional insurance packages provide you with extra cover, such as for urgent medical care abroad, physiotherapy or alternative treatment methods.

### What else you need to know about our additional insurance package

- You never pay a deductible for healthcare covered under the additional insurance package.
- Children under 18 are co-insured without charge under your most comprehensive additional insurance package.
- CZ accepts everyone for additional insurance, regardless of their age, stage of life, or current or future healthcare needs.

## STEP 3

### Choose your additional dental insurance package

A trip to the dentist can be expensive. You are well covered with our dental insurance packages. Also for orthodontics. We have three dental insurance packages to choose from – 'Compact Tandarts Collectief', 'Tandarts Collectief' and 'Uitgebreide Tandarts Collectief'. We will assess your teeth based on a statement from your dentist (which you will receive after registering) for the 'Uitgebreide Tandarts Collectief' dental package only.

### Maybe you'd like to take out the additional insurance 'Jongeren'?

Then you do not need an additional insurance package, as these packages already include reimbursement for dental care and orthodontic care.

### Tips: how to save on your premiums

- If you do not expect to incur a lot of medical costs, a voluntary deductible may be a good idea.
- Receive a discount on your premium of up to 2% by paying it in annual, biannual or quarterly instalments.
- You may qualify for a healthcare allowance from the Dutch tax authorities (Belastingdienst). You can request this allowance at [toeslagen.nl](https://toeslagen.nl) (in Dutch).

You also get access to more than 20 extra benefits to stay fit and healthy in a way that's right for you and your family.

Certain additional insurance packages offer even more additional reimbursements, such as:

- **Prevention allowance.** Use your prevention allowance of at least 150 euros for online training or coaching to work on your health and lifestyle. Find out how healthy you are and say goodbye to stress, physical complaints or sleeping problems.
- **Online mindfulness.** If you are feeling out of sorts, get started with an online mindfulness training programme. You'll also learn how to stay focused on one thing at a time.
- **Intake for work-related physiotherapy.** If you ever suffer from physical complaints caused by your work, find out how work-related physiotherapy can help during an intake.
